"Samburu National Reserve is situated about 350 kms north of Nairobi in the semi arid part of Kenya. Ewaso Nyiro River, the only water source in the dry season, bisects the reserve and apart from providing water to life, the river is home to some of the biggest Reptiles in the region and attracts a good number of birds. Some 300 different species have already been recorded.

An unusual forked palm, the doum palm, grows along the banks of this river and adds striking beauty to the panorama. Wildlife is surprisingly abundant for such a dry place and includes species such as Gerenuk, Dik-dik, Grant's and Thomson's gazelles, Elephant, Cheetah, Leopard

## Day 7 and 8:Maasai Mara

### Optional:

Today there will be a possibility to take a hot air balloon ride. "Take to the skies for the ultimate Maasai Mara wildlife adventure, soaring in a hot air balloon over herds of game to the inner reaches of the Mara. You'll ascend in the early morning, when winds are calmest. Watch as the professional crew fills the balloon with hot air. Slowly the big, colorful bag begins to bulge and take shape. Now board the traditional wicker gondola basket while the expert pilot makes final adjustments. As the pink and red fireball of the sun rises in splendor over the plains, you're up, up and away - for the flight of a lifetime! Your balloon can soar over the most inaccessible and undisturbed parts of the Mara, with only the intermittent whisper of the balloon's gas burners punctuating the silence of your majestic flight. Because wind and weather conditions vary, every flight is a new and different experience! From your vantage point about 50-500 feet above the reserve, you have a fantastic 360-degree bird's-eye view as one of the most dramatic scenes in nature unfolds beneath you. Depending on the season, you might witness herds of antelope flowing like schools of fish across the plain, groups of elephants grazing undisturbed in a remote ravine, lionesses stealthily stalking a herd of grunting wildebeest, or zebras conferring in a confusion of black and white stripes and bark-like calls. After your incredible flight, it's time to come back down to earth for breakfast. As you sip champagne and dig into a splendid breakfast of sizzling bacon, eggs, sausage, home-made breads, fresh tropical fruit and steaming cups of Kenyan coffee or tea under the clear blue sky, you might wonder what all the ordinary people are doing on this perfect African morning! Before leaving, the pilot will present you with your balloon flight certificate, and then you'll enjoy a game drive en route back to the camp. No flight of the imagination can match this airborne experience! Note: Comfortable clothes, a hat or visor, sunglasses, sunscreen and a light jacket or sweater are recommended. This tour will be offered at a very special price if booked together with the safari.
